

Disability Accommodation Request Form

Under the Americans with Disabilities Act, a person with a disability has a physical or mental impairment; has a record of such impairment; or is regarded as having such an impairment which substantially limits one or more major life activity such as walking, seeing, hearing, speaking, breathing, self-care or learning. Williams College provides reasonable accommodations for students with documented disabilities when such accommodations are necessary to insure equal access to the campus or curriculum. Your request for an accommodation should be as specific as possible and be augmented with appropriate professional documentation.

You do not need to identify any disabilities for which you are not requesting accommodations.

Please complete and return this form to Academic Resources in Paresky 202 to initiate a determination of eligibility for services. Documentation from a qualified professional should be enclosed or submitted separately. The documentation should include a diagnosis and recommendations for the accommodations you will need at Williams. This information will be shared with others only as needed to meet your special requirements.
